Preparation of French fries salt

Place the ingredients for the French fries salt in a mortar and pestle or in a food processor. Finely grind/mix all the ingredients and pour into a small, clean screw-top jar.

Preparation of oven fries

Preheat the oven to 240°C top/bottom heat. Wash the potatoes and cut into thick sticks and wedges. Pre-cook in salted water for 3 minutes. Drain and allow to evaporate briefly. Place the potatoes on a baking tray lined with baking paper. Sprinkle with corn grits and chip salt. Add the rapeseed oil and chopped rosemary and mix together. Bake the fries in the oven for 30 minutes until golden brown. Turn once in between.

Remove the fries from the oven, sprinkle with chopped parsley and serve with ketchup and mayonnaise.
