### Zubereitung

For the falafel, clean the spring onions and cut into pieces. Peel the garlic cloves. Pluck the parsley and coriander leaves from the stalks. Finely chop everything together.

Mix the chickpea flour with the salt, spices, olive oil and sesame seeds. Add the garlic mix, slowly pour boiling water into the ingredients and mix everything well. Shape the dough into small balls. If the dough is too sticky, simply add a little chickpea flour.

Gradually fry in Byodo Frying Oil Exquisit until golden brown and place on kitchen paper to cool.
