First carefully fold the beaten egg whites, then the flour together with the baking powder and the other ingredients from the variation into the egg yolk mixture. Grease the cake tin and pour in the batter. Bake for approx. 45-55 minutes at 180 °C fan oven. Do not forget the stick test.

Dust the kernel oil Guglhupf with powdered sugar for pure enjoyment. The walnut Guglhupf goes best with a powdered sugar glaze studded with fresh walnuts and the chocolate Guglhupf is a real treat with a glaze made from dark chocolate coating and a teaspoon of coconut oil.
