Zubereitung

Preparation of vegetable pancakes

First wash the zucchinis. Peel the potatoes and carrots and grate the vegetables coarsely with a grater. Drain over a sieve and then squeeze very well by hand.

Peel and finely dice the onion and garlic clove. Rinse and chop the parsley.

Then mix all the ingredients together and season.

Heat 3 tablespoons of Byodo rapeseed frying oil in a non-stick frying pan and use two tablespoons to portion out the puff pastry mixture. Fry over a medium heat for approx. 5 mins and only then turn. Gradually fry the pancakes, adding more oil if necessary. Degrease the finished pancakes on kitchen paper and keep warm in the oven.

Preparation of dip

Meanwhile, wash and finely chop the spring onion and parsley.

Mix the quark and yogurt together and mix with the spring onion, dried herbs and parsley. Then season to taste with paprika, lemon, salt and pepper.
