

New dressings - SHAKEN, NOT STIRRED!

Our new salad sauces are bringing a breath of fresh air to the shelves, and the new counter display means they can also be wonderfully showcased on your special offers stand or in the fresh foods department: the **new, ready-to-use Byodo dressings!** This new range of salad sauces will leave your shop perfectly equipped for the scrumptious salad season!

The two classic vinaigrettes in the 240 ml bottles containing 50% oil are a real eye-catcher on the shelves: behind the attractive label, the golden, virgin oil separates from the dark to vibrant red, tangy vinegar solution. The vegan **French Vinaigrette** delights with the fresh taste of shallots and chives, whilst the **Raspberry Vinaigrette** adds a particularly fruity finish to any salad. Both are gluten-free.

The **Dressing Sylter Style** is a delicious addition to our vegan range! It tempts taste buds with its mild hint of onion and delectable creaminess. The popular **Mustard Dressing** is back with a new recipe and crunchy grains of mustard. Our sensory analysis consumer panel highlighted the new mouth-feel: the flavours are lighter and the dressing itself flows better. Just like the Sylt-style dressing, the mustard dressing is also available in our new 245 ml bottle. That means finest dressing enjoyment for the whole family!

with delicate shallots & chives

with
fruity, sweet raspberries

vegan,
gluten- & yeast-free

sweetened
with agave nectar

*organically grown

COOKING OILS FOR frying & baking!

In response to popular demand, the **Byodo frying oil range** is now welcoming delicious reinforcements! A uniquely mild rapeseed oil which is ideal for frying – that's the perfect description of our new **Frying Oil Rapeseed**. It is produced from a special organic rapeseed variety with a high percentage of unsaturated fatty acids. Following the cold pressing, deodorization is employed to remove the heat-sensitive colourings and flavourings. This leaves the oil **particularly heat-stable** and gives it a **pleasantly mild taste** compared with virgin rapeseed oils.

Our delicate Frying Oil Rapeseed is a **real all-rounder with great versatility**. It is not only the best choice for frying, deep frying or barbecuing – if a native oil is too pungent in a dressing, you can highly recommend our Frying Oil Rapeseed to your customers.

particularly mild taste

convenient butter-oil converter on the label

delicate sweet marzipan flavour

for sparing greasing

Frying Oil Rapeseed

Baking with oil – it tastes delicious, is currently all the rage and your customers will simply love it! The particularly heat-resistant Byodo baking oils are the perfect **non-dairy alternative to butter** and amaze with their outstanding baking properties. **Cakes turn out lighter, moister and, in addition, stay fresh for longer!**

The **Baking Oil Classic** is an outstanding basic product for all those who love baking – sweet or savoury is of no consequence. The fine nutty and sweet finish of the **Baking Oil Exquisit** goes perfectly with quark and yeast doughs or cake batters as well as other fine baked goods. The **Byodo Baking-Spray Oil** makes it easy to grease baking tins and moulds simply and sparingly, plus it gives raised pastries a delectable crust.

The baking oils were developed in cooperation with the editorial staff of **BRIGITTE magazine**. In Germany's no.1 women's magazine we have a **strong, multimedia partner** by our side.

If you have any questions, requests or suggestions, please do not hesitate to contact us. We'll be delighted to help!
